Professional Summary

Passionate and detail-oriented Computer Science student skilled in full-stack development and UI/UX design. Proficient in MERN stack, PHP, and MySQL, with experience building responsive, user-friendly web apps using tools like Figma and AI assistants such as ChatGPT and GitHub Copilot. Eager to apply my skills in a dynamic tech environment.

Education

Bachelor of Engineering (B.E.) in Computer Science and Engineering (CSE)

JP College of Engineering | 2023 – 2027 (Pursuing)

Honors Diploma in Computer Application (HDCA)

CSC – 2022 to 2023 | 'A' Grade

Higher Secondary Education (12th)

Anna Boys Hr.Sec School, VK Pudur, Tenkasi.

2021 – 2022 | Percentage: 83.3%

Skills

Technical: Developed apps using MongoDB, Express.js, React.js, Node.js, PHP, MySQL, HTML, CSS, JavaScript, Bootstrap and Tailwind.

Design & Tools: Designed interfaces in Figma, WordPress, App.visily.ai, Canva AI, Git/GitHub, Postman

AI Proficiency: Utilized ChatGPT, GitHub Copilot, Blackbox for faster development and debugging.

Soft Skills: Communicated effectively, collaborated in teams, adapted quickly, solved problems creatively.

Projects

GrammarBase – E Learning Website

Built a full-featured CRUD-based grammar learning platform using Frontend Technology, PHP and MySQL. Streamlined grammar resource sharing for engineering students.

Integrated authentication, notes and materials uploads, **AI features**, Grammatical Lessons and interactive UI design with Admin control.

Live link: <http://smarif.lovestoblog.com>

NoteMate – Online Collaboration Tool

Engineered a digital notes-sharing platform enabling peer and faculty collaboration. Implemented secure login, user-specific content, and interactive feedback modules with **Admin control**.

Built by HTML, CSS, JS, Tailwind, PHP, MySQL (XAMPP) – **CRUD** Application

AC Service Website

Developed and launched a fully responsive service-based website for a real client. Focused on clean design, mobile compatibility, and simple navigation to meet the client's business needs.

Built using full CRUD functionality (XAMPP) and dynamic contact form integration.

Live link: <https://airosys.lovestoblog.com>

Mini Projects (React.js)

Constructed functional applications like a Weather App, Quotes Generator, and ToDo App Employed modern JavaScript and REST APIs to enhance interactivity

Internship

Full Stack Development (MERN Stack) Intern

Duration: 1 Month (Virtual)

Participated in a virtual internship program focused on full-stack development using the MERN stack.

Gained hands-on experience in building CRUD operations, understanding Frontend, React JS, Node JS, Express JS, MongoDB and RESTful API concepts, and managing project flow.

Practiced using GitHub for version control and followed structured project-based learning to simulate real-world development.

Frontend Developer — YAAR (Client Project)

Team Project | Oct 2025 – Present

- Collaborated with a team to design and develop a static website for YAAR, an organization empowering entrepreneurs, students, and self-help groups.
- Built responsive and modern web pages using HTML, CSS, JavaScript, and Tailwind CSS.
- Created visually appealing sections such as Home, Entrepreneur Development, SHG Marketplace, MSME Training, and Robotics Kits.
- Focused on UI design, layout optimization, and smooth user navigation for better user experience.
- Ensured cross-browser compatibility and mobile responsiveness across all pages.

Technologies Used: HTML, CSS, JavaScript, Tailwind CSS

Certifications

HDCA Course – CSC (2022–2023)

UI/UX Design – 1 Month Course

Full Stack Development (FSD) Internship – MERN Stack (1 Month)

React Basics & Web Development Fundamentals HTML, CSS, JavaScript – Core Concepts **Additional**

Certifications & Participation

- Attended 6+ technical webinars on web development, AI, and UI/UX (Certificates available).
 - Participated and presented in multiple inter-college symposiums and tech events (Received presentation certificates).
-

Achievements

2× Project Expo Winner

- **1st Year:** Department-Level Champion
- **2nd Year:** Overall College Winner (GrammarBase)

Maintained a **CGPA above 9.0** in **ERP-based record** Delivered a **client project** while still in early college stage

Languages Known

Tamil: Native | English: Fluent (Speaking, Reading, Writing)
